

Concert Tour Prague / Czech Republic

The dominating "Golden city" presents itself today as one of the most beautiful domiciles in Europe. Old European history in culture and art can be found on every step throughout the city. The city is one of our most favorable destinations for our music choirs, not only because of the price range, but also because of the unforgettable moments shared in the capital of the Czech Republic.

Representative program:

- Day 1: Arrival in Prague and meeting with the local guide. First information during a welcome-drink, and time to discover the „Golden Town“ on a first walk. Overnight.
- Day 2: After the breakfast buffet the first guided tour in Prague can begin: The unique Old Town with buildings from the 1000-years history of the city, which has been never destroyed but carefully reconstructed during the last years. The centre of the Old Town is the Old Town Square, one of the most beautiful squares in Europe with the old City Hall and the Astronomical clock. Aside there is the Jewish Quarter with synagogues and the old cemetery. Beside the Old Town is the Welceslas Square with the horseman statue of the Saint Welceslas in front of the monumental National Museum. The oldest bridge in Prague across the Vltava-River is the Charles Bridge with sculptures and towers at both sides. Free time for individual lunch in one of the typical Bohemian ale houses to try one of the famous Czech beers. After the rehearsal in the evening friendship concert with a choir from Prague, i.e. the mixed choir Hlahol (Voice), which has an own concert hall near the Vltava-River and where Bedřich Smetana has been one of the first music directors. Return to the hotel and overnight.
- Day 3: In the morning church service in one of the many churches in Prague, i.e. in the baroque Francisco-from-Assisi-Church near the Charles Bridge. After this, another guided tour: The Lesser Town under the Prague Castle with its palaces and Gardens, where the noblesse lived for centuries. Above this quarter there is the powerful Prague Castle with the Cathedral St Vitus, former seat of the Bohemian Kings and today of the Czech President. Farewell dinner, i.e. in a folk restaurant with gipsy music and gastronomic specialities from the grill may close the stay in Prague.
